

Aurora® Window Awnings, Door Hoods, and Patio Covers

Stylized for Your Home.

Aurora® Window Awnings, Door Hoods, and Patio Covers are a decorative addition to any home.

Aurora Awnings also work to reduce glare and heat from the sun. In addition to a more energy efficient home, Aurora Awnings become a protective agent keeping your interior furnishings from the damaging rays of direct sunlight.

Available in a variety of designer styles and colors, Aurora Window Awnings and Door Hoods, and Patio Covers can accommodate any architectural design.

Door Hoods provide a warm welcome, a sheltered entrance all year long. Beautiful and practical, Aurora Door Hoods will protect your entry way from rain, sleet and snow, as well as providing solar control.

Perfect for parties, cookouts and play, Patio Covers add shelter and shade to outdoor living. Aurora Patio Covers are customized for your home; sized and shaped to suit your space.

Aurora® Window Awnings, Door Hoods, and Patio Covers

— A Natural Blend of Beauty and Strength

Custom made and installed, Aurora Window Awnings and Door Hoods represent form and function at their best.

While the top surface is available in a wide variety of styles and colors, the underside is always a crisp, clear white. No mechanical fasteners are exposed; the overall appearance is trim, neat.

Aurora panels are chemically cleaned, conversion coated, then painted with a baked epoxy primer before a top coating of high quality polyester enamel is applied. The result is a minimum maintenance surface that retains its good looks.

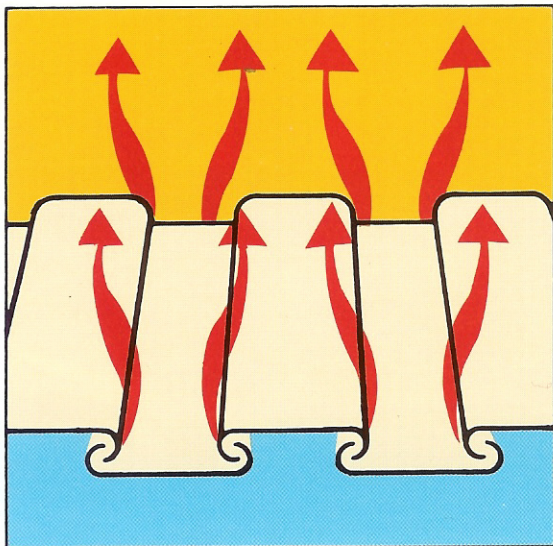

Overall, Aurora stands for quality and value ... and that means economy, durability and beauty for your home.

Your Alcan dealer can fully engineer your Window Awning, Door Hood or Patio Cover to meet your local building codes.

Aurora® Window Awnings, Door Hoods, and Patio Covers are protected against peeling, blistering, flaking, splitting, rusting, chipping or cracking by a 10-Year Prorated Limited Warranty backed by Alcan Building Products.

For complete warranty information, ask your Alcan dealer for a copy of Alcan's warranty covering Window Awnings, Door Hoods and Patio Covers.

Consult your Alcan Dealer for information on the full line of Alcan exterior products for your home.

Aurora Awnings have a natural venting action to prevent the build up of hot air against windows. The unique "pan and cover" construction helps keep rain, snow and debris from penetrating, without trapping heated air underneath. It also allows a soft "halo light" to filter into your home instead of dark shadows associated with other awnings. And, unlike fabric awnings, Aurora Awnings won't stretch or tear, and they don't need to be taken down in winter.
